

Information on the Partnership Agreement with the Government of the State of Maryland, U.S.A., for Overseas Development

Shonan Health Innovation Park ("Shonan iPark") has entered into a partnership with the State of Maryland, U.S.A., to support the creation and development of global life science start-ups.

U.S.-Maryland Government Partnership Overview

- Title : Maryland Global Gateway - Soft Landing Program
- Details : Shonan iPark has become a Japanese incubation partner of the Maryland State Government's newly launched "Global Gateway Program" to attract foreign companies and support the international expansion of U.S. companies.
Under the Global Gateway Program, the State of Maryland provides support such as offices and training programs for a certain period of time to enable Japanese companies to conduct business in the U.S. on a trial basis.
